Addolorata Villa Offers Lifelong Learning Institute Program –
The Genius of Louis Comfort Tiffany's Glass Creations

The Addolorata Villa in Wheeling, part of the Franciscan Communities, will be hosting the LifeLong Learning Institute program, "The Genius of Louis Comfort Tiffany's Glass Creations," presented in partnership with Harper College, on Tuesday, April 17, from 11:00am-12:30pm. This is one of many enriching and entertaining educational opportunities available to Addolorata Villa residents and all local adults ages 55 and older.

Louis Comfort Tiffany is known today for his spectacular and highly individual Art Nouveau style glass lampshades, glass vases, leaded stained glass windows, glass mosaics and jewelry. Tiffany grew up in the shadow of his father's store. He was the son of Charles Tiffany, co-founder of Tiffany & Company. Tiffany Louis began his career as a painter and was successful, but once he was introduced to leaded stained glass during his travels, he pursued glass as his material of choice. The result was historic.

With no required educational background, homework, or grades, the Lifelong Learning Institute provides great discussions, new friendships, and the joy of learning among peers. To secure a spot in this free program, RSVP with Liz Starman at (847) 808-4421. Seating is limited.
