Dig Into Small Garden Design at University Place

University Place in West Lafayette, part of the Franciscan Communities, will be hosting “Dig Into Small Garden Design on Wednesday, June 6 from 2:30 p.m. to 4 p.m.

Learn techniques for designing beautiful gardenscapes by adopting a less is more strategy that can produce high-impact results. Learn professional tips for using simple but effective design techniques to make the most of any small garden space or yard. Best of all, attendees will build their own sun, shade or edible container garden and take it home.

Guest Speaker Karen Mitchell, Extension Educator, Agriculture & Natural Resources Educator and County Extension Director with Purdue University Extension-Tippecanoe County, will be on-hand to answer questions and assist along with several of her volunteer Master Gardeners.

Seating is limited and light refreshments will be served. Please RSVP to jesmith@franciscancommunities.org or at 765-464-5611.
