

**Addolorata Villa Offers Lifelong Learning Institute Program –  
Georgia O’Keefe**

The Addolorata Villa in Wheeling, part of the Franciscan Communities, will be hosting the LifeLong Learning Institute program “Georgia O’Keefe,” presented in partnership with Harper College, on Monday, December 3, from 10:00am-11:30am. This is one of many enriching and entertaining educational opportunities available to Addolorata Villa residents and all local adults ages 55 and older.

Not just a painter of flowers or abstract charcoal drawings and watercolors, the art of Georgia O’Keefe represented the beauty of the American landscape. New York cityscapes and fossil drawings showcased her brilliance. You will review and discuss this amazing American artist and how she revolutionized modern art.

With no required educational background, homework, or grades, the Lifelong Learning Institute provides great discussions, new friendships, and the joy of learning among peers. To secure your spot in this free program, RSVP with Liz Starman at (847) 808-4421. Seating is limited.
