To Our Village at Victory Lakes Residents and Family Members:

Thank you for your continued support of the Village of Victory Lakes and the associates who are working so diligently with the COVID-19 infection prevention strategies to provide amazing care to your loved ones, our residents.

Throughout this crisis, we have kept you informed, as quickly as possible, with every confirmed case that has been diagnosed. This past week there have been a number of new developments that we are managing, and I would like to take this opportunity to update you and discuss the continued measures that are being implemented.

**Current Confirmed Cases:**

We currently have six staff members in the Ancora unit and four residents in the Ancora unit testing positive for COVID-19, and one resident currently in the hospital.

**Containment Procedures:**

No staff members that have tested positive are working and are at home under quarantine.

**Precautionary Measures:**

The Ancora unit has limited access to staff and with no visitors allowed. The staff continues to maintain proper PPE recommendations and protocol as defined by the CDC.

Due to the guidelines we have in place for social distancing and prevention of the spread of the virus, it is important to note that these cases are considered isolated to the Ancora unit and there is no contact tracing to any other part of the campus.

In our daily discussions with state and local health departments we continue to follow all guidance regarding protection for our staff as well as the other residents. We have tested all additional residents in the Ancora unit and there are no additional confirmed cases as this time.

We understand that this is a time of anxiety and unknowns for the safety of you or loved ones. 100% of our efforts are geared towards the safety of your loved ones. Should you have any questions, please visit our Village of Victory Lakes Facebook page or the Franciscan Ministry COVID-19 Web Page - [www.franciscanministries.org/coronavirus-response/](http://www.franciscanministries.org/coronavirus-response/) for daily updates and information. For additional information, please visit the CDC’s coronavirus disease information page.

The safety of our residents and associates continues to be our most important concern.

Sincerely,

Judy Amiano
