

FRANCISCAN MINISTRIES

Sponsored by the Franciscan Sisters of Chicago

To Our Village of Victory Lakes Residents and Family Members:

I hope that you and your families were able to enjoy some of the beautiful weather that we had for the Memorial Day weekend. Today we learned of one resident that has tested positive for the virus.

Confirmed Case to Report Today:

Confirmed Resident Case:

This assisted living resident began exhibiting symptoms today, 5/27/2020, and was sent out to the hospital. They were tested for COVID-19, which yielded a positive result for the virus.

Containment Procedures:

Residents continue to be monitored closely for the earliest signs or symptoms of COVID-19.

If any signs or symptoms develop, a resident is immediately isolated. Associates continue to be screened daily when they report for work; if any screening element is noted to be abnormal, the associate is sent home.

Precautionary Measures:

Our Infection Preventionist, along with our Head of Clinical and Infectious Disease Control are widening the visitor screening procedures, adding additional screening items to the list of current symptoms that we have been screening for. The skilled nursing unit has limited access to only staff assigned to that unit with no visitors allowed. The Village at Victory Lakes continues to restrict visitors and monitors those associates and residents, following CDC-regulated standards for infection control and to prevent any spread of the virus. The staff continues to maintain proper PPE recommendations and protocol, as defined by the local and state health departments and the CDC.

Important to note: We continue to operate under the current recommendations from IDPH for the level of isolation necessary for each unit on campus. Victory Lakes has plenty of PPE supplies for their needs. As mandated by the state and local health departments and the CDC, the most important aspect during this crisis is to monitor everyone closely and treat for symptoms. Additionally, ALL of the infection prevention measures mentioned in previous memos remains in place.

We understand that this is a time of anxiety and unknowns for the safety of you or loved ones. 100% of our efforts are geared towards the safety of your loved ones. Should you have any questions, please visit our Village of Victory Lakes Facebook page or the Franciscan Ministry **COVID-19 Web Page - www.franciscanministries.org/coronavirus-response/** for daily updates and information. For additional information, please visit the CDC's coronavirus disease information page.

The safety of our residents and associates continues to be our most important concern.

Sincerely,

Judy Amiano
