To Our Franciscan Village Residents and Family Members:

I again want to personally thank you for your continued words of encouragement and support as we look to the future to ensure the safety of our residents, family members and associates. As you may be aware, we are conducting widespread COVID-19 screening of both residents and associates of the Healthcare Center. As a result of the widespread screening, we learned today, 7/21/2020, that a resident in our Mother Theresa Skilled Nursing and Rehabilitation Center has tested positive for the virus.

**Confirmed Resident Case:**

This resident was tested for COVID-19 on 7/16/2020 which yielded a positive result for the virus on 7/21/2020. The resident is completely asymptomatic (not showing symptoms) and is currently isolated, based on protocol.

**Containment Procedures:**

Residents continue to be monitored closely for the earliest signs or symptoms of COVID-19. If any signs or symptoms develop, a resident is immediately isolated. Associates continue to be screened daily when they report for work; if any screening element is noted to be abnormal, the associate is sent home. We have no additional residents or associates who are exhibiting any signs of infection at this time.

**Precautionary Measures:**

Franciscan Village continues to restrict visitors and monitors associates and residents, following CDC-regulated standards for infection control and to prevent any spread of the virus. The staff continues to maintain proper PPE recommendations and protocol, as defined by the local and state health departments and the CDC.

We understand that this is a time of anxiety and unknowns for the safety of you or loved ones. 100% of our efforts are geared towards the safety of your loved ones. Should you have any questions, please visit our Franciscan Village Facebook page or the Franciscan Ministry COVID-19 Web Page - www.franciscanministries.org/coronavirus-response/ for daily updates and information. For additional information, please visit the CDC's coronavirus disease information page.

The safety of our residents and associates continues to be our most important concern.

Sincerely,

Judy Amiano
