

To Our Village of Victory Lakes Residents and Family Members:

As we look to the future to maintain the utmost safety of our residents, family members and associates, I continue to be thankful to all of you for your words of support and encouragement throughout this entire period. They are very much appreciated by the Village of Victory Lakes associates and residents. As you may be aware, we are conducting routine widespread testing of associates and residents in the Healthcare Center. As part of a recent widespread testing of 252 individuals (74 residents and 178 staff members) we received one positive result for the virus with an associate.

**Confirmed Associate Case:**

This associate, a food service associate in the healthcare center, was included in the widespread testing conducted on 8/6/2020 which yielded a positive result for the virus on 8/11/2020. This associate last worked on 8/11/2020; remains asymptomatic and is in quarantine at home. The associate can return to work 14 days post testing.

**Containment Procedures:**

Residents continue to be monitored closely for the earliest signs or symptoms of COVID-19. **If any signs or symptoms develop, a resident is immediately isolated.** Associates continue to be screened daily when they report for work; if any screening element is noted to be abnormal, the associate is sent home. **We have no additional residents or associates who are exhibiting any signs of infection at this time.** As a reminder, all associates wear a mask while they are working to minimize any potential spread of the virus.

**Precautionary Measures:**

The Village at Victory Lakes continues to restrict visitors and monitors associates and residents, following CDC-regulated standards for infection control and to prevent any spread of the virus. The staff continues to maintain proper PPE recommendations and protocol, as defined by the local and state health departments and the CDC.

We understand that this is a time of anxiety and unknowns for the safety of you or loved ones. 100% of our efforts are geared towards the safety of your loved ones.
