To Our Village of Victory Lakes Residents and Family Members:

As we continue to navigate this time and maintain the utmost safety of our residents, family members and associates, I continue to be thankful to all of you for your words of support and encouragement. They are very much appreciated by the Village of Victory Lakes associates. As you may be aware, we are conducting routine widespread testing of associates and residents in the Healthcare Center. As part of a recent widespread testing of 71 individuals (45 residents and 26 staff members) we received one positive result for the virus with an associate.

**Confirmed Associate Case:**
This associate, a CNA, was included in the widespread testing conducted on 08/25/2020 which yielded a positive result for the virus on 8/28/2020. This associate remains asymptomatic and is in quarantine at home. The associate can return to work 14 days post testing.

**Containment Procedures:**
Residents will continue to be monitored closely for the earliest signs or symptoms of COVID-19. **If any signs or symptoms develop, a resident is immediately isolated.** Associates continue to be screened daily when they report for work; if any screening element is noted to be abnormal, the associate is sent home. **We have no additional residents or associates who are exhibiting any signs of infection at this time.** As a reminder, all associates wear a mask while they are working to minimize any potential spread of the virus.

**Precautionary Measures:**
The Village at Vicotry Lakes continues to restrict visitors and monitors associates and residents, following CDC-regulated standards for infection control and to prevent any spread of the virus. The staff continues to maintain proper PPE recommendations and protocol, as defined by the local and state health departments and the CDC.

We understand that this is a time of anxiety and unknowns for the safety of you or your loved ones. 100% of our efforts are dedicated towards the safety of your loved ones.
